

AMBUSH AT DAWN

A weary Daqan infantry column is being escorted to a safe zone by a cavalry escort. Little do they know they are walking right into the teeth of an Uthuk ambush!

SETUP

Uthuk player is the first player for this scenario.

SPECIAL RULES

The Daqan player skips their first turn.

OBJECTIVE

Three or more Daqan units must survive and reach the tiles marked "To Safety!"

If at the end of any round three Daqan units occupy the three green safety hexes the Daqan player is victorious.

If the Uthuk player eliminates all enemy units or reduces the number of Daqan units to two or less before they can reach the green tiles the Uthuk player is victorious!
