

YOU HAVE COMPLETED THE FIRST STEP!

Thank you for ordering a DUNGEONS & DRAGONS® LIVING GREYHAWK™ Regional or Metaregional adventure for your event. By completing your event order with the RPGA®, you are now only a few small steps away from playing. This placeholder serves you as a guide for completing your order. Follow the simple steps below and you'll be ready to play.

1. Having completed your order with the RPGA, make sure that you have your name, your gathering name, your RPGA number, and event code handy.
2. Go to the LIVING GREYHAWK website at www.wizards.com/lg. Click on "Regions and Metaregions" in the text box on the right-hand side. Select the region or metaregion for which you've downloaded adventures, and click on the adventures link at the top of the regional/metaregional description. Download the appropriate adventure from the list provided. Please note that some placeholders that are available for order through the RPGA website may not yet be available for play; please contact your regional triad using the links on the LIVING GREYHAWK website before your order if you can't see the adventure on the list provided for that region or metaregion. If you've ordered an adventure that is not yet available, simply report it with no players or tables.
3. After you download the adventures, you'll notice that they're password-protected and cannot be opened. Email your respective triad point-of-contact and tell them what adventures you've ordered, your name, your gathering name, your RPGA number, and your event code.
4. Your triad will confirm your event and make sure that you've only ordered adventures allowed for your region. The point-of-contact will then send you the passwords to open all of the adventure files that you've downloaded, as well as the Adventure Record (AR) files that you'll need at the end of the adventure.
5. That's it! You're now ready to run your LIVING GREYHAWK adventures at your event!

Thanks for playing LIVING GREYHAWK and enjoy!

The RPGA and LIVING GREYHAWK staff
