➤ **Tutelage of the Nameless Archmage:** You gain access to one arcane spell from the SpC from the APL you played, and one from each lower APL (circle ones selected): APL 6 – avoid planar effects or shadow phase; APL 8 – false gravity or perinarch; APL 10 – greater dimension door or planar tolerance; APL 12 – extract water elemental or ruby ray of reversal.

➤ **Branded by the Gods:** You have been anointed with meersalm, and your false oath caused it to burn a silver lightning bolt into your forehead. This brand acts as a mark of justice (CL 20th). If you break another oath the mark of justice will activate, imposing a -4 penalty on attack rolls, saves, ability checks and skill checks. If the mark activates, note this in the Play Notes section of the AR for the adventure in which it occurs. This mark can be removed (see spell description). This brand cannot be hidden by magical or mundane means. You must show this AR effect to the DM at the beginning of every adventure.

➤ **Exalted by the Gods:** Worshipers of Al'Akbar, Heironeous, Moradin, Murlynd, Pholtus, and St. Cuthbert may choose one of the following (circle the option selected): Option #1 – access to the feats Parrying Shield (Lords of Madness) and Sanctify Water (Stormwrack) plus two divine spells from the following list (circle the spells) OR Option #2 – access to all divine spells on the following list: battlefield illumination (HoB), battlemagic perception (HoB), checkmate's light (SpC), consecrate battlefield (HoB), earthen grace (SpC), eye of the hurricane (SpC), find the gap (SpC), fireward (SpC), hunter's mercy (SpC), knight's move (SpC), lightfoot (SpC), owl's insight (SpC), spiritual cavalry (HoB), towering oak (SpC), wall of good (SpC), warning shout (SpC).

➤ **Enmity of the Nameless Archmage:** Whenever you adventure on the Astral Plane you will be attacked by an astral stalker (MM3) engaged to torment you. Once per such an adventure it uses stealth to approach, attack, and escape. Every subsequent time you encounter it there is a cumulative 5% chance (tracked in the Play Notes section of your ARs) that it has tired of its hunt and will decide to end your life. At that point it will hunt you until either you or it has been slain. There is no reasoning with it. Additionally every time you are affected by a [Teleportation] effect there is a flat 5% chance that the astral stalker has anticipated your movement and makes one attack against you while you briefly occupy the Astral Plane. You must show this AR effect to your DM at the beginning of every adventure.

➤ **Touched by the Gods:** You have fulfilled the special prerequisite of the Contemplative prestige class for Al'Akbar, Heironeous, Moradin, Murlynd, Pholtus, and St. Cuthbert.

➤ **Attention of Brother Drakon:** You have gained the favorable/unfavorable attention of Senior Staff Sergeant Drakon of Pholtus.

➤ **Marked by the Gods:** You have been anointed with meersalm, leaving the golden holy symbol of _____ on your forehead. When you received it, this mark immediately affected you as per the atonement, miracle, and remove curse spells (CL 21st) with regards to removing negative effects. The mark also grants you permanent spell resistance (SR 11 + class levels) against spells with the evil descriptor. You chose to convert to the worship of _____.
