☐ **Disappointment of Algernon:** You turned down an offer from Algernon Tuck. Algernon does not take disappointment well. This disappointment has reached the ears of some of your superiors. You receive -5 affiliation points and must pay double the cost for any benefits derived from The Battirovka Family meta-org as you find that your name has been sullied. Other issues may arise during regional play.

☐ **Declined Algernon Tuck's offer:** You have declined Algernon Tuck's offer.

☐ **Lied to Algernon Tuck:** You have lied to Algernon Tuck. Either you have a pair of brass hondas the size of church bells or you're incredibly uninformed, perhaps both. Regardless, you've started to believe that this was a really bad idea.

☐ **Lle holma ve' edani (Human Sympathizer):** You have been branded by the Elven Clans as a human sympathizer. Fewer insults are viler in their eyes. This results in the following effects:

- You are unable to earn any more influence with the Elven Clans of the Gnarley Forest.
- You cannot use any influence you have currently accumulated with the Elven Clans of the Gnarley Forest
- You gain 5 infamy points with the Elven Clans of the Gnarley Forest. ☐ ☐ ☐ ☐ ☐

☐ **Wethrinaer (Deceitful Traitor):** You have forsaken you brethren and aligned against your clan with the non-elves of Verbobonc. This results in the following effects:

- You are immediately expelled from the Elven Clans of the Gnarley and are forever banned from rejoining.
- All influence with the Elven Clans with the Gnarley Forest is lost.
- You may not gain influence with the Elven Clans.
- You earn ten (10) infamy points with the Elven Clans of the Gnarley Forest. Each subsequent infamy point earned from the Elven Clans counts as two (2).
