Background

Kiva is still in her time of Scattering, a tradition among her family where a young adult travels the world until they feel that they have learned enough to find their place in it and return with whatever skills they have learned. Kiva has spent most of her time so far learning to wield the falchion that was given to her by her grandfather. She is still unsure of her place in the world, but her skill with the blade is nothing short of remarkable. She realized early on that there are significant cultural differences between where she grew up and what can be found in the wider world, so as a consequence, she tends to not be very assertive when meeting new people, preferring to watch from the background and observing until she feels more comfortable.

She met Acaleem while working as a caravan guard and struck a friendship with him, eventually leading to the joining the Band of the Broken Tower. She drifts between mild amusement at his effort to make her a better soldier and appreciation for the excellent training in discipline he is able to impart.

Traits: Honor-bound, Inexperienced, Perfectionist

Distinguishing Characteristics: Kiva has an uncomfortable, intense stare that she is not aware of. This habit of staring, coupled with her general silence, has made more than a few townsfolk scurry away in fear, something that continues to puzzle Kiva.
