# ENDLESS PATROL

## INTRODUCTION

Solo card game. WWII Western Front. Player controls a squad of American GI's on patrol. Fight German units.

## THE DECKS

There are 2 separate decks: The GI Deck and the Patrol Deck. They have separate discard piles.

## VICTORY

Get completely through the Patrol Deck. You lose if all of your squad members become casualties.

## THE SQUAD

Your squad has 15 soldiers. Use tokens to keep track of soldiers.

## SETUP

Start with a hand of 4 cards dealt from the GI deck.

## TURN SEQUENCE

Each turn has 4 phases:

1. Supply Phase
2. Contact Phase
3. Fire Phase
4. Casualty Phase

### 1. SUPPLY PHASE

Draw 1 card from the GI deck and put it in your hand. Max hand size = 5 cards. Discard excess cards. If the deck runs out shuffle the discard and draw from it.

### 2. CONTACT PHASE

Turn over the top card of the Patrol Deck.

### 3. FIRE PHASE

The Patrol card will have a number or an AT (Anti-Tank) symbol or both.

Play a GI card with an AT symbol to defeat a Patrol card with an AT symbol.

The number is called the Bullet Number.

Play GI cards with a total Bullet number that equals or exceeds the Bullet number of the Patrol card to defeat it.

Discard the defeated Patrol card, and all GI cards played to defeat it.

### 4. CASUALTY PHASE

If you did not defeat a Patrol card in play you take one casualty. Lose one soldier.

The Patrol card stays in play (face up on the table) until it is defeated. Each patrol card in play inflicts a casualty every turn it remains in play.

## FAQ's

1) During the Fire Phase, you play GI cards against a patrol card, do you mean you play enough GI cards where the sum of the bullet #'s are greater than or equal to the patrol bullet #?

YES

2) And if you can't defeat a patrol card and it stays in play do you still on the next turn sequence draw an additional patrol card?

YES

3) How do the cards work with both AT and a bullet #?

Use either the bullet # or the at ability.
