

Huzzah!

A Cheapass Game for 3-8 Players

It's that time again.

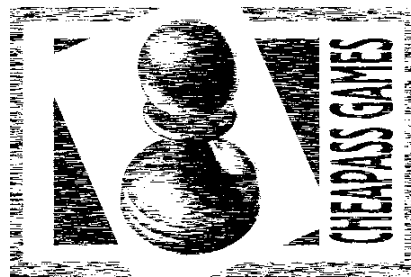

Renfair season.

Time to put on your tights and trot out your tired old act at the Merrie King James Faire.

It's not your favorite job. The costume is itchy, the sun is hot, and Richard, the faire director, hates all the funniest parts of your show. Yet for some reason you keep doing this, year after year.

But this year the money's running out, and the faire is firing almost everyone. If you don't please the crowds, and Richard, the faire is going to fire you, too.

Pleasing both Richard and the public is going to be pretty tough. So say goodbye to your dignity and scream a boisterous "Huzzah!"

You Need: Pawns for every player, counters in two colors, three 6 sided dice, and one more Master Pawn.
