## SCRAPYARD EMPIRE - SOLITAIRE (1-Player Variation)

**WIN:** Build 3 inventions. (Can be increased for difficulty)

**LOSE:** When you are unable to draw from a depleted deck, or have to discard from a depleted deck. Example: an unsuccessful dig causes you to discard 4 parts cards and the parts deck has 0, 1, 2 or 3 cards remaining, you lose.

### Setup

Begin the game by dealing yourself 8 Part cards, 5 Small Machine cards and 1 Invention card. Play the 8 Part cards directly in front of you, and hold Small Machines and Invention cards in your hand. Character cards are not used in the solitaire version of the game. Then, place the 3 decks in front of you with 1 top card from each deck flipped face up next to it as the scrap pile.

Note: Small Machine abilities are not active in the solitaire version of the game.

### Action Phase

You choose an action to perform: draw 1 card from either deck, or attempt to dig from either scrap pile. You must discard down to 8 Parts/5 Small Machines before drawing or attempting to dig. When a dig fails (roll of 1, 2 or 3) there are penalties. See below:

### Dig Penalties

- A failed Part dig attempt causes you to discard 2 cards from the Small Machine deck into the scrap pile.
- A failed Small Machine dig attempt causes you to discard 4 (or 5 for increased difficulty) cards from the Part deck into the scrap pile.

At any time, if you have a duplicate of a particular Part or Small Machine, immediately scrap 1 of the duplicates to its respective scrap pile, and remove the other from the game. This is an immediate effect, and you cannot build before this occurs.

### **Build Phase**

If you have enough Parts/Small Machines to build something and you have no duplicates, you may build it. Remove from the game any Parts used to build a Small Machine, and any Small Machines used to build an Invention. When 1 Invention is built, draw 1 new Invention into your hand from the Invention deck.

### **Scoring**

Score = Number of cards remaining in all decks. Keep track of your points from game to game, or challenge a friend!
