**** 'Shieldbreaker' cannot be had as a starting career. Therefore, it is technically a 1st tier Advanced career for humans.

***** 'Wolf-Kin' is a special type of Zealot (WFRP, p. 60) that is unique to the Cult of Ulric. The differences between it and standard Zealots are described on AoM, p. 9.

'The book gives 'Soldier' here, but as Soldier is not in the list of starting careers, I believe this role in kislevite society is actually filled by the Kossars, so I've replaced the entries for Soldier with Kossar.
