* 'Pilgrim' is only available to those characters who are actually on a pilgrimage. It is therefore probably not intended as a starting career.

** 'Shieldbreaker' cannot be had as a starting career. Therefore, it is technically a 1st tier Advanced career for humans. It is included here to avoid confusion

*** 'Strigany Mystic' is only available to Strigany, a Gypsy-like folk that travels the Empire. It is included here because Imperial Characters can be Strigany (see WFRPComp, p. 25 and NDM, p. 100)

**** 'Wolf-Kin' is a special type of Zealot (WFRP, p. 60) that is unique to the Cult of Ulric. The differences between it and standard Zealots are described on AoM, p. 9.

‡ This Symbol denotes a Career that is not further described in these lists.
