Í IMPULSE C	COSTS FOR ACTIONS (p. 141)	
Interact — 1 ir	npulse	
Such as open/	close door, draw/reload weapon, visually scan	
a room.		
Resist — 1 imp	pulse	
Make a relevant check (often Dodge, Endurance or Willpower).		
Delay — 1 impulse or more		
Do nothing; return to the impulse track whenever you want.		
Ready an action — 1 impulse		
Define the action and its trigger, then delay every impulse.		
When you act,	it's as a reaction (+1 impulse) that interrupts	
the triggering event.		
Reposition — 1 impulse		
Move 2 m, drop prone, or stand up from prone.		
Move — 2 impulses		
Move your spe	eed.	
Attack — 2 to	5 impulses	
Includes 2 m r	nove either before or after the attack.	
Use skill or too	ol — 3 impulses	
Such as treatir	ng wounds (p. 72) and most other skill checks.	
Includes 2 m r	nove either before or after the skill check.	
Total defense	— 3 impulses	
Enemies suffe	r –2 step penalty to attack you; you gain +2	
	checks to resist attacks	
COMMON	COMBAT MODIFIERS	
+2 steps	Stunned or unaware target	
+2 steps	Very big target (elephant, forklift-bot)	
+1 step	Big target (horse and rider)	
+1 step	Target is dazed or distracted	
+1 step	Target prone (vs. melee attacks)	
–1 step	Target prone (vs. ranged attacks)	
–1 step	Target is at medium range (10m–50m)	
–1 step	Target has some cover	
–1 step	Target is dodging	
–1 step	Small target (raccoon, sensor drone)	
–2 steps	Target has good cover

DURABILITY AND WOUNDS

Armor reduc	ces physical by, energy b	У	
severity	description	wounds	
16+	Mortal wound (cannot act)		
13–15	Critical wound (-3 die steps)		
10–12	Serious wound (-2 die steps)		
7–9	Moderate wound (-1 die step)		
4–6	Light wound (no effect)		
1–3	Graze (no effect)		
Every PC has the black boxes. A high Vitality score and the Rugged talent constellation grant some or all of the gray boxes.			
Resilience	/ (p. 77)		
Success reduces wound penalty by 1/2/3 steps.			
Resist Actio	on and Passive Checks (p. 161)		
Dodge	/ (p. 66)		
Enduranc	e/ (p. 67)		
Willpowe	r/ (p. 80)		
Recovery (p. 77) Grazes heal at end of scene, light wounds heal at end of day; higher severity wounds require rest and skill (p. 160).			

ACTION MODIFIERS (p. 143)
Aim — +1 impulse
Gain +1 step bonus on attack roll.
Autofire — +1 or +2 impulses
Burst (p. 146) for +1 box damage, or full auto (p. 147)
for multiple targets.
Charge — +1 impulse
Move half your speed, then attack with hand-to-hand
or melee weapon.
Concentrate — +1 or +3 impulses
Gain +1 step or +2 steps on noncombat skill check.
Evade — +1 impulse
Enemies attacking you suffer -1 step penalty (or more
if Dodge is high).
