Flaws: No Cover

Cost: 6

New Customizations

Half-Ton Winch and Cable

Features an electric-powered winch and 25-ft. steel cable with hook. Operates as if Muscle 6.

Possible Reasons: Front- or rear-mounted winch.

Cost: 1

Loudspeaker

Mounted loudspeaker operated by driver or passenger.

Cost: 1

Pontoons

Can float on relatively calm waters.

Possible Reasons: Solid or inflatable pontoons

Cost: 1

Searchlight

Has a powerful, swivel-mounted searchlight attached.

Cost: 1

Snow Capable

Even Off-Road Capable vehicles struggle with serious snow and ice conditions. Snow Capable vehicles operate in snow, ice, and light bog with no penalties. They operate very poorly in other terrain reducing their Nimbleness and Speed by 1 if movement is even possible. This customization is exclusive; either a vehicle is specifically Snow Capable or isn't.

Possible Reasons: Broad flat skis, wide rubber tracks.

Cost: 0 - This customization is considered balanced.
