

new buildings as well as the other institutions now housed in buildings owned by the army.

DR. ETIENNE DELPLACE

We mourn the loss of our esteemed director, Dr. Etienne Delplace, a man of the highest professional standards and a true pioneer in the field of neurology. His loss by tragic accident comes as a great blow. We at the hospital extend our heartfelt sympathies to his family, hoping that they may overcome their grief in time. Dr. Delplace will be missed by the Charenton community, Paris at large, the glorious nation of France, and civilized men everywhere.

-Dr. Francois Leroux, Acting Director, Charenton Asylum

FORD PLANS A FACTORY IN GREECE

Athens, Greece. Jan. 7 (AP).—The Ministry of Communications is studying an offer received from Henry Ford, American motor car manufacturer, for the establishment of a
