Black Tokyo is a ridiculously fun campaign world to design for. The multi-faceted mix of anime homages, traditional Buddhist and Shinto mythic elements, raunchy humor and feminist subtext makes it a setting unlike any other, and one where I can let my most depraved creativity run wild.

Ecchi Enchantments is a follow-up to the best-selling **Enchantments of Black Tokyo** (Otherverse Games, 2015), introducing several new sex-oriented magic items.

Play safe.

The Demon Queen's Corset is a set of +3 **Battle Lingerie**. While wearing the Demon Queen's Corset, the character's busty bonus to AC increases to +4. The wearer casts spells with the *darkness*, *death* or *evil* descriptors at +1 caster level. The Demon Queen's Parasol functions as a +1 **Light Wooden Quickdraw Shield**. She also applies her busty bonus to AC to saving throws against gaze attacks.

Fashionable Lolita's Blouse

Aura moderate transmutation CL 8th

Slot body **Price** 32,000 gp (DC 30)

This light, sleeveless cotton women's t-shirt changes color and its silk-screened design every time the wearer walks through a new doorway.

While wearing this magical t-shirt, the wearer gains the following abilities: the Small Breasts Forever trait and the Mega-Pettineko Feat, as well as Super Kawaii. These feats are considered racial bonus feats. However, the wearer suffers a -2 penalty to her STR score, as the magical blouse makes her petite to the point of emaciation.

Special: Only female characters can benefit from this magic item. Wearers with the Gyaru cultural template do not suffer a penalty to their STR score when wearing this magic item.

Construction

Requirements Craft Wondrous Items, *eagle's splendor*

Horrid Negligee

Aura strong transmutation CL 15th

Slot body **Price** 118,000 gp (DC 34)

While wearing the Horrid Negligee, the wearer can call upon its power as a free action. Doing so provides the wearer with the Womanly Suffocation, Unbirth and Vaginal Prison feats as bonus feats, even if the wearer does not meet the requirements, including gender requirements. The wearer can safely remain in this state for up to five minutes. If the magic is dismissed before this time, the wearer is merely *fatigued* for one minute per minute (or portion thereof) spent in the transformed state.

Each minute after the first, the wearer is receives a cumulative +1 enhancement bonus to their STR score, in addition to the above effects, but must succeed at a FORT Save each minute or undergo a permanent and horrific transformation.

This FORT Save DC begins at 22 and increases by +2 per additional minute.

Once the FORT Save is failed, the wearer's current enhancement bonus to STR becomes permanent, and the wearer is permanently affected as if by the *spider yokai* spell, additionally suffering a permanent -1d8 penalty to their INT and CHA scores. The Horrid Negligee permanently merges into their body and becomes useless, unless removed by remove curse.

If the Horrid Negligee's magic is dismissed before the transformation becomes permanent, the wearer is considered *exhausted* for one hour per minute the negligee was worn. If the Horrid Negligee is activated while the wearer is *exhausted*, there is no safe period, and the wearer must begin making FORT Saves against the permanent transformation immediately.

Construction

Requirements Craft Magic Arms and Armor, *mass vacate bowels*, creator must be an Akaname

Cost 1,000 gp (DC 18)

Black Cupid

Aura strong enchantment and evocation **CL** 15th

Slot weapon

Price 266,000 gp (DC 37)

Weight 3 lbs

This doubly curved longbow is made from jet black wood and has a length of nearly seven feet from tip to tip. The bow's ebony wood swoops in dramatic, wavelike crests that seem vaguely organic. Any arrow notched to this bow is covered in a black sheen, like oily shadows or graphite winds. Those killed by these arrows are marked by black tendrils of intense necrosis that form around the wounds within seconds of death.

The Black Cupid is a +3 **Pleasuring Burst Composite Longbow**. Most composite longbows of this type are set for a +2 STR modifier, though this may vary a little from bow to bow. A creature struck by an arrow fired by the Black Cupid must succeed at a DC 20 WILL Save or begin masturbating uncontrollably for 1d4+1 rounds; a successful save reduces this duration to a single round. Aside from the details of the action, this effect functions identically to the spell *irresistible dance*.

The Child Killer is a +4 **Child-Bane, Unholy Advanced 9mm**. The weapon's bane property activates when the weapon is used against any character in the child age category, or any character with any trait or feat with Loli in the name.

Most chainsaws are heavy stainless steel around an even more durable blade, but this one's casing is the cheap plastic of a new action figure. The casing is black with hot pink flames and golden panties flying above the fire. This

chainsaw's titanium chain has no cutting teeth, just heart-shaped, soft plastic nubs. Tacky is the name of the game.

The Fetish Chainsaw is a **+2 Merciful, Panty Thief Chainsaw**. It is treated as being a +3 weapon instead when wielded by a character with the *Otaku* cultural template, or who possesses any trait with *Burasera* in its name.

Goryohime's Ribbons are dark silk fighting ribbons made out of mystical steel-cloth. They are graded in lethality according to the colors a woman's face turns as she dies by slow asphyxia: first blue, then purple, finally the black of rot.

When wielded by a Goryohime, all these weapons gain a modified form of the Glammered property as a bonus effect. The Goryohime's Ribbon takes the form of a dark cloth choker, and grants the Goryohime wielder the Quick Draw feat with this weapon.

- Blue Ribbons are **+1 Keen War Ribbons**.
- Purple Ribbons are **+2 Keen, Wounding War Ribbons**. On a critical hit, in addition to the normal effects of the hit, the Purple Ribbons slice the air from the creature's lungs, rendering the victim *staggered* for 1 round.
- Black Ribbons are **+3 Keen, Vorpall War Ribbons**.

Construction

Requirements Craft Magic Arms and Armor, *keen edge* (blue), plus *bleed* (purple), plus *circle of death* (black) creator must be a Goryohime

Impaling Spear

Aura moderate transmutation and strong evil
CL 10th **Slot** weapon **Price** 70,550 gp (DC 33)
Weight 8 lbs

This rusting, age-worn weapon could be a museum piece- the nodachi of some long forgotten Japanese foot soldier, who fought and died in some feudal struggle mostly forgotten by history.

The Impaling Spear is a +3 **Nodachi**. On a confirmed critical hit with this weapon, the victim is affected as the spell *fucked to death*. The victim may attempt a new saving throw each round to mitigate the effect, which otherwise persists for up to ten rounds. While the Impaling Spear is fucking a victim to death, the wielder must remain adjacent to the victim and retain control of the weapon. If the wielder drops the weapon, is disarmed, or moves away from the victim, the effect ends.

Confirming a critical hit with this weapon is considered both an evil act and an act of rape. Wielders who are aware of this weapon's nature may drop the weapon as an immediate action rather than confirming the critical.

Panty Stealing Baton

Aura moderate conjuration CL 8th
Slot none **Price** 4,500 gp (DC 23) **Weight** 1 lb

There's a rumor going round that *Police Section Seven* commissioned these enchanted collapsible batons to bring a gang of female thieves wearing enchanted bloomers to justice. But it's far more likely they were first forged by occultists on the other side of the law, to remove the magical panties that are often the only

protection for female agents facing the horrors of the Black Else. The Panty Stealing Baton looks like a fairly ordinary metal asp, except that the logo stamped on the textured grip is a pair of women's briefs.

The Panty Stealing Baton is a +1 **Panty Stealing Combat Baton**. If the wielder scores a critical hit with this weapon, in addition to activating its panty stealing property, the wielder can choose (as an immediate action) to forego all damage from the critical hit. Unlike the partially metallic Glock, the PS-7 has completely non-metallic construction, and its barrel is forged from an instantly recognizable shade of dark green composite.

Otaku refer to non-otaku with a happy life, a good job and regular sex as *raiju*, with mingled admiration and derision. There's a joke that isn't a joke on the internet "destroy all normal happy people!" This jet black steel sledge hammer is wrapped with golden tape and has painted memes from currently popular anime drawn in golden marker. This weapon makes the joke a deadly reality.

The Raiju-Killing Hammer is a **+1 Humanbane Warhammer**. The weapon's bane property only applies to humans lacking the Otaku and Freeter cultural templates. On a critical hit against a target whom the weapon's bane property would apply, the wielder can forego dealing additional damage. Instead, unless the character succeeds at a DC 16 WILL Save, any existing cultural templates are lost, replaced by the Otaku cultural template.

Special: Only a character with the Otaku or Freeter cultural template may wield the Raiju-Killing Hammer. It is treated as an ordinary warhammer when wielded by other characters.

This thumb-sized, stoppered glass vial is filled with the urine of a recently deceased person, drained from the slowly rotting bladder. A method of death is neatly lettered in the vial in prim, official looking script.

Pouring a vial of Corpse's Urine into the mouth of a recently slain character functions as *breath of life* spell. However, each vial of Corpse's Urine has a specific manner of death associated with it, the way in which the 'donor' perished. When used to return a character slain by this manner of death to life, this spell functions as *raise dead* instead. Manners of death are fairly general, and keyed to damage type (slashing, ballistic, fire, ect) or other method (poison, suffocation, ect).

When the lights go off though, glow in the dark paint lights up, revealing the truth: thick, slimy tentacles penetrate every one of the girl's orifices, and her face contorts in mingled pain and pleasure.

A spellcaster who rests or sleeps on the Cuddling Tentacle Pillow must succeed at a DC 20 WILL Save. Failure indicates that disturbing, Lovecraftian nightmares prevent the spellcaster from recovering 1d4 spell slots or spells of the highest level they can cast. Twist this peach-pink lipstick tube clockwise to raise the make up's glistening, sugary nub. Twist the tube counterclockwise, and the lipstick tube becomes a discreet, quiet and very intense clit stimulator.

Lady's Lipstick can be used magically three times per day. It provides two different benefits, whether it is used as lipstick or as a vibrator. If applied as lipstick (full round action), it provides the user with the benefit of an *eagle's splendor* spell for one hour. Slot none **Price** 6,000 gp (DC 24) **Weight** negligible

This modern woman's diaphragm appears to be made of congealed golden light, and is stored in a small black lacquer box inscribed with golden kanji scriptures.

When the Nakadashi Barrier is inserted vaginally (a full round action) it provides two benefits. First, the barrier acts as an enchanted diaphragm, preventing pregnancy, and providing a +8 bonus on FORT saves against sexually transmitted diseases. The user is considered to have the Tantric Wisdom feat for the purpose of determining what abilities and powers may affect her.

If a male ejaculates vaginally into a female using the Nakadashi Barrier, the mystic energy of the semen forms a protective barrier. If she is attacked anytime within the next 1d4+1 hours, the magic activates as an immediate action. The user gains a deflection bonus to AC equal to the CHA modifier of the man who ejaculated within her. This bonus remains active for 3 rounds.

Slot none **Price** 2,400 gp (DC 21) (least), 22,400 gp (DC 29) (lesser), 72,800 gp (DC 33) (greater)
Weight 15 lbs

This cheap but very durable plastic child's potty chair is injection molded into the shape of a colorful, pastel duck. Such props are

favorites of age-play and scat- or wet-play enthusiasts alike, and are often found in many ecchi toyboxes.

Once per day, the Potty Duck's owner can piss and shit into the potty, which requires at least a minute of effort. The Potty Duck animates and transforms into a bird-like, monstrous form, and serves the character loyally for 1d3 hours, or until destroyed. If destroyed while in monstrous bird form, the Potty Duck returns to its potty chair form and cannot be used again for 72 hours. In its monstrous form, the Potty Duck retains its pastel colors and slick plastic texture, and regardless of its shape, it squawks and quacks like a duck.

Depending on the type of Potty Duck, the potty's monstrous form may be an Eagle (Least Potty Duck), an Owlbear (Lesser Potty Duck) or a Roc (Greater Potty Duck). A *Purity of Body* spell cast on the monstrous Potty Duck will effectively destroy the monster and forces the item into its potty chair form. The Potty Duck is allowed a WILL Save to negate the spell.

This pencil-thin, heavy duty vibrator is surprisingly heavy for its size, made entirely of silver inlay layered like skin over a core of iron. Switches and wiring are adamantine. The metal toy delivers tooth rattling stimulation.

For one hour after masturbating to orgasm with a Silver and Iron Vibrator, all the user's attacks, including manufactured and natural weapon attacks are treated as having either the Adamantine, Cold Iron or Silver property for the purpose of overcoming damage reduction. Simulator Hole

Aura faint divination CL 6th

Slot none **Price** 2,750 gp (DC 21)

Weight 1-2 lbs

A variety of onaholes are sold under the Simulator Hole label, produced by a variety of manufacturers, but the best are produced by a *Ani-Play XXX*, an Osaka based occult sex-toy giant. All are basically pink latex tubes, with a

meticulously sculpted vagina, featuring the unique anatomical details of a particular species injection molded at one end. The box art features a fetching anime illustration of a member of one of Black Japan's many sentient species, and the toy resembles this template somewhat. For example, a Dodoma Simulator hole would be sculpted with multiple eyes all over, a POETICA Simulator Hole would have a high tech feel, and a Akaname Simulator Hole would have arousingly foul perfume mixed with the plastic, and so on.....

Each individual Simulator Hole is keyed to a particular species native to Black Tokyo, such as Kami, Goryohime, Nekomusume and so forth. For 24 hours after masturbating to orgasm with the Simulator Hole, the character's attacks (either unarmed or wielding weapons) are treated as having the *Cunning* magical weapon property against members of that species. The exact Knowledge check required is decided by the gamemaster, but is usually obvious. In addition, the character gains a +5 bonus on Perform (sexual) checks made against members of that species.

Special: Only male characters can benefit from this magic item.

SIMILAR ITEMS

H-Sim Games are mystical versions of popular ero-games and visual novels. Each game's intricate, multifaceted plot plays out a love story featuring members of a particular supernatural race. This story reveals many details about the habits and psychology of the race.

H-Sim Games function identically to Simulator Holes, but require at least an hour of play to receive a benefit. Both genders can use H-Sim Games. These items have an additional creation requirement of 5 ranks in Computer Use.

However, the wearer suffers a -2 morale penalty on all WILL Saves. Akaname's Pharmacological Washlet

Aura strong transmutation **CL** 13th

Slot none **Price** 105,000 gp (DC 34)

Weight 60-75 lbs (architectural feature)

The perverted genius alchemical engineers working at the T-2 River Building have constructed a range of *washlets* (high tech toilets, common in Japan). Many are merely mundane plumbing fixtures, but this particular washlet is enchanted with potent alchemical magic. Small glass tubing and sealed, bubbling flasks rise from the tank, continually churning with strangely colored fluids.

The Akaname's Pharmacological Washlet can produce one (occasionally more) potions per day, catalyzing them from the urine and feces of creatures using the washlet. The potion created is determined by the day of the week and whether the user urinates or defecates into the washlet. The potions have a caster level equal to the minimum necessary to cast the spell plus an additional number of level's equal to the user's CON modifier (or CHA modifier for undead users). If two creatures simultaneously urinate or defecate into the washlet, add their CON

modifiers (or CHA modifiers) together to determine the resulting potion's caster level.

It requires only a few seconds to catalyze a potion after flushing the washlet. Normally, the Pharmacological Washlet can produce a single potion per day. However, on important Japanese holidays (such as the Girl's Festival or the Bon Festival), the washlet can be used instead to produce 1d3 potions.

nibbling on delicacies like steak, whole fresh fish or elaborate deserts.

The Catgirl Feeder can produce enough food and water to sustain up to 15 medium sized creatures per day! Most creatures find the food barely palatable- it looks and tastes much like ordinary catfood. Different styles and genders for the chibi characters (monster-boys are about half as common as monster-girls) make these items hot occult collectibles.

In addition she receives a +5 bonus on Disguise checks to pass for an average member of her race, and is always considered to be taking 10 on Disguise checks when in social situations. If she calls attention to herself, or powers the phone down, these effects end, until the Idol reactivates the item's magic as a standard action. Finally, the Idol's Phone functions as an
