

# THE NOSTRADAMUS GAMBIT Q&A

**WHO DO WE WORK FOR?** You're affiliated with the Knights Templar, an ancient and secret order of knights that seeks to protect the innocent and persecute evil. One of the knights' goals is to remove dangerous magical artifacts from the hands of those who would do evil with them or create havoc accidentally with them. A book like *The Orphic Litany* is just the sort of item the knights would want hidden away from the world.

**WHAT'S THE WORLD LIKE?** To the uninitiated, the world seems mundane—just the ordinary world you see every day on the evening news. But the initiated know there is a secret world, a world of magical mysteries and gothic conspiracies, that has existed since the beginning of time. Magic and monsters are *real*—and though man has chosen to pretend they are not, they are always there, lurking in the background.

**WHERE ARE OUR CHARACTERS BASED?** At the beginning of the adventure the characters are in Oxford, England, working for the Knights Templar, an ancient secretive organization dedicated to protecting the world from evil magical forces and to keeping those magical forces a secret.

**WHAT ARE WE LOOKING FOR?** A book called *The Orphic Litany*.

**WHAT THE HELL IS AN ORPHIC LITANY?** *The Orphic Litany* is the work of a long-lost oracle, one said to have lived for nine generations. Unlike most oracles, who venerated Apollo, this oracle venerated Orpheus. The *Litany* is the most complete and accurate account of the oracle's visions ever compiled. Through unknown means, whatever force this oracle tapped into to predict the future has been tapped into by numerous prophets since, including Nostradamus, who was both an independent oracle and translator/interpreter of the *Litany*. It is said that after the oracle responsible for the *Litany* died, her voice "brought to the ears of men tidings of the future wrapped in dark riddles."

## CREEL JOHNSON

An old army buddy of Malcolm's (see below), Creek is a highly trained sniper who was recruited into the group by Mal to help with the serious combat situations the group was experiencing. Although he is unwilling to mention it, Creek is seriously disturbed by some of the things the group has encountered and hasn't yet reconciled himself to the hidden world the group deals with.

**Appearance:** 6'4", 215 lbs, brown skin, bald

**Quirk:** Jittery and depressed for days after an encounter with a fiend or undead (which happens quite a lot lately).

## KARIN REBEKKA EBERSBACHER

Karin was a German police investigator and computer crime consultant for Interpol. While Malcolm and Lumusi were hunting down the notorious “666.com” cult, they recruited her to help them. She proved so useful in tracking cult connections over messageboards and coded, ritual-embedded emails that they inducted her as an unofficial member of the knights. She currently serves as their technological consultant.

Karin tends to be a bit of a skeptic. Though she believes in demons and magic (she has seen too much not to), she thinks of demons more as a bizarre crypto-zoological phenomenon than something extradimensional. She also sees magic more as a science she doesn’t understand than something that violates the laws of nature.

Like Mason, Karin is not a member of the Templars. However, she has seen enough and been with Malcolm and Lumusi long enough that she has a firm grasp on the nature of the organization and the cause for which they fight.

**Appearance:** 5’2” 100 lbs, female, pale skin, red hair

**Quirk:** Hates to be called “Scully.”

# LUMUSI GANSVORT

Lumusi was raised at a Catholic orphanage in South Africa after her parents were killed by a bizarre skin-eating demon. After graduating from medical school, she returned to Africa, working all over the continent with various aid organizations including the World Health Organization, Doctors without Borders and the Red Cross.

She has the miraculously ability to heal through the laying on of hands, something she kept a secret for years except from those closest to her. Although the nun she was closest to at the orphanage told her this gift came from the Catholic God, Lumusi suspects it might come from her African heritage, having heard stories that her mother was a tribal healer and seer. So far Lumusi has not demonstrated any ability to see the future, but her gift for healing through both conventional and magical means is impossible to argue.

She first discovered Malcolm lying by the side of the road, half dead from an encounter with one of the skin-eating fiends that killed her parents. After saving his life, she helped track down the fiends and destroy them. She has been working with him ever since, providing mystical knowledge, linguistic skills and a thorough knowledge of the mythology and politics of Africa.

She and Malcolm are the only two members of the group who are actual members of the Templars.

**Appearance:** 5'8" 140 lbs. female, brown skin, black hair

**Quirk:** Curses in German when she is upset.

## MALCOLM GIDEON

Malcolm is the longest-serving member of the group; he was recruited by the Templars after protecting a mysterious Sang Real and bringing it safely to the Templars in England. This experience transformed him from a bitter, alcoholic gun-for-hire into a holy warrior. Whatever happened to spark this radical change, Malcolm will not talk about it. He is completely devoted to the Knights and their cause and is the highest-ranking member of the Knights in the group. Still, Malcolm is humble and considers himself part of a team of equals.

**Appearance:** 6'2" 180 lbs male, tan skin, blonde hair

**Quirk:** Malcolm never talks about his encounter with the Sang Real under any circumstances.

Although he understands why other members of the group (and other Templars) might be interested in the extremely rare experience he has had, he will politely refuse any request to speak on the subject.

## MASON COURTLAND

Mason is the team's newest member, having joined two weeks before the beginning of *The Nostradamus Gambit* to assist them in defusing a bomb. When he first encountered the group, Mason was under the control of a Penny Pincher that was controlling him through greed and using him to steal valuable items on behalf of a mysterious cult. Once free of the creature's influence, Mason threw in with the group, determined to redeem himself for his crimes... and exact vengeance on creatures like the one that controlled him.

Mason is aware that he is working for a secret society, but knows very little about the true nature or scope of that organization as he has been recruited so recently.

**Appearance:** 5'6" 140 lbs. male, pale skin, brown hair

**Quirk:** Mason loves old Egyptian art, but hates to see it removed from Egypt (he is especially horrified of the recent purchase of two mummies by the Old Egypt casino in Las Vegas).

## SAM MADSEN

Sam Madsen is an old Army buddy of Malcolm Gideon and the group's vehicle expert. He can drive or fly just about anything—an ability the group finds essential as they adventure all over the world in a variety of hostile terrains.

Madsen is the least ideological member of the group. He has seen a lot of things he can't explain but, not being the most introspective person in the world, isn't bothered by that. He is an adrenaline junkie who loves danger; being with the group provides him that rush of dodging bullets while driving at 100 mph. This does not mean he is unconcerned with the group's activities, merely that he fights with them more out of loyalty to his friends (especially Malcolm) and a love of excitement than out of any sense of "larger purpose."

**Appearance:** 6'0" 178 lbs, tan skin, black hair

**Quirk:** Loves to tell old army stories about "the old days" with Malcolm, which drives Malcolm crazy (since Malcolm doesn't like to think or talk about the past).
