You know firsthand that trouble is out there, and like it or not, one of these days the folk of Stonetop are going to have to face it. What is it that you're so worried about? (pick 1)

 $\hfill\square$  a dark, unwholesome presence lurking in the Wood

- $\hfill\square$  a strange, furtive figure seen near the Ruined Tower
- □ something big & savage stalking the northern foothills
- whatever's made the lizardfolk of Ferrier's Bog so bold
- $\hfill \Box$  that which the Hillfolk refuse to speak of

Answer at least 3 of the following questions about this threat:

- □ What, exactly, do you think it is?
- $\hfill\square$  How close have you gotten to it? What did you see?

Whom or what have you lost to it?

- □ What did it leave behind?
- □ What do you think it wants?

## Bonds | do this together with the group

Fill in the blanks with the names of NPCs or PCs. For NPCs, pick from the appropriate names list and add them the Notables or Neighbors section of the Stonetop playbook with at least one descriptive trait.

#### Fill in up to 3 of these:

-	·	is my closest friend
-		is my brother/sister
-		is my daughter/son
-		is my father/mother
-		is my grandparent

is my husband/wife

If you are a mighty hunter, fill in 2 of these with someone from Stonetop:

- \_\_\_\_\_\_taught me to hunt - \_\_\_\_\_\_is jealous of my reputation - depends on me
- \_\_\_\_\_\_fears the Wood, and rightly so

If you are a wide wanderer, fill in 1 of these with someone from Stonetop:

- I always return home to
- I owe \_\_\_\_\_\_a debt that can't be repaid
- And 1 of these (with someone in the wider world):
- \_\_\_\_\_ wants me dead
- \_\_\_\_\_ is always glad to see me
- And 1 of these (with anyone):
- has travelled far with me
- \_\_\_\_\_ thinks I'm bad news

If you are beast-bonded, fill in 2 of these with someone from Stonetop:

- knows something important about the bond that my companion and I share
- My companion is very fond of \_\_\_\_\_\_
- My companion insists we protect
- My companion is jealous of my relationship with

As play goes on, your bonds will change and grow. Write new bonds in the space below:

# THE RANGER

There is so much more out there. More than these low walls, these homes of piled stone. And you've seen it, ranger. Left the Old Roads behind and felt the pulse of the wild places, the fury of storm and beast, and the cold grip of terror knowing just how small you are in the face of it all.

And you've felt the wide world a-changing. Strange times are afoot and forces long kept in check grow restless. Guide them, ranger, and keep them safe. Lead your kith and kin through the darkness that is sure to come.

## Background | choose 1

#### □ MIGHTY HUNTER

You are a hunter of the Great Wood, the best the town has produced in generations. Stonetop is home, but so to are the towering trees. You know every part of the Wood within a two-day march.

When you move with care and calmness, you make no noise and leave no sign of your passage.

Also, you start with the Hunt and Track move.

#### $\Box$ Wide Wanderer

You have travelled much of the known world and perhaps parts beyond. Add 3 of the following to the Neighbors lists on Stonetop's playbook, choosing a trait for each:

- Tierny (from Marshedge)
- □ Eser (from Gordon's Delve)
- Yann (from the Hillfolk)
- Tovia (from Lygos)
- □ Sascha (from the northern Manmarch)

When you Spout Lore about the wider world, you can roll +WIS instead of +INT.

When you return to a place of importance that you've been to before, tell the GM when you were last there. They'll tell you how it's changed.

#### BEAST-BONDED

You grew up civilized, but your soul is bound to a natural beast. You are closer to it than to any man or woman. How did this bond come about? Do you even know how? Did it happen recently or long ago? Regardless, you start with the Animal Companion move.

Also, chose one of the following at 1<sup>st</sup> level, plus another at 3<sup>rd</sup>, 5<sup>th</sup>, 7<sup>th</sup>, and 9<sup>th</sup> levels. When you focus on your animal companion for a few moments, you can use any of the options you've chosen, no matter the distance between you.

- Gage its distance and direction from you
- Call it back to your side
- Sense its emotional state
- Get a brief impression of what it senses
- Lend them your strength (lose 1d6 HP; it heals an equal amount)

## Starting Gear

A cloak (worn, warm, 1 weight), a quiver of iron-tipped arrows (3 ammo, 1 weight), and a bow (pick 1):

- □ Composite short bow (near, 2h, 1 weight)
- □ Composite long bow (near, far, 2h, 2 weight)

#### Plus any 4 of the following:

- Boiled leather cuirass (1 armor, worn, 1 weight)
- Quiver of steel-tipped arrows (1 piercing, 3 ammo, 1 weight)
- Steel-tipped short spear (close, thrown, near, 1 piercing, 1 weight)
- Decent adventuring gear (4 uses, 2 weight)
- Remedies (3 uses, slow, 0 weight)
- □ A roll-out sledge for hauling game (3 weight)
- □ Assorted wire snares (5 uses, 1 weight)
- A pair of bronze daggers (hand, 0 weight) and an iron hatchet (close, 2 weight)

# Look & Origin

Choose one of each:

wet behind the ears | a prime specimen | long-toothed fierce eyes | squinting eyes | steady eyes barking voice | gravelly voice | sing-song voice compact & sturdy | long & lean | pantherish dirty & unkempt | tattered & worn | well-groomed

Until they get a healer's care and a season or so of rest, they are -1 ongoing and their max HP are halved. \*On a miss, they will die soon unless someone intervenes. If they are saved, treat it as a 7-9 above.

Name

### Follower Moves

#### **ORDER FOLLOWERS**

When you order or expect a follower to do something dangerous, degrading, unreasonable, or contrary to their instinct, roll +Loyalty. \*On a 10+, they do it now. \*On a 7-9, they do it, but the GM picks one:

- Their Loyalty decreases by 1.
- They complain loudly, now or later, and demand something in return.
- Caution, laziness, or fear makes them take a long time to get it done.

#### Do THEIR THING

When you have your follower do something chancy that falls within the scope of their tags or moves, roll +Quality. \*On a 10+, they do it as well as one could reasonably hope. \*On a 7-9, they do it but there's an unforeseen

cost, consequence, or limitation (ask the GM what).

When a follower does something chancy that falls beyond the scope of their tags or moves, or does anything on their own, the GM will tell you what happens.

#### CALL FOR ASSISTANCE

When a follower helps you make a move that calls for a roll, take +1 to your roll but the follower is exposed to any risk, cost, or consequences associated with the move.

When a followers help you Hack and Slash or Volley, roll all your damage dice and use the highest die. Add +1 for each *warrior* or *archer* who is helping.

When a follower helps you Defend, you can spend 1 hold to redirect an attack to them instead of yourself.

#### Pay Up

When you pay a follower's cost, increase their Loyalty by 1 (to a maximum of +3). You can't trigger this move again until both you and your follower have Made Camp.

### Expedition Moves

#### FORAGE

When you spend a day seeking food in the wild, roll +WIS. \*On a 7+, you gain 1d4 rations, +1d4 rations if you have the knowledge and gear to hunt and trap. \*But on a 7-9, you must first deal with a Danger or Discovery of the GM's choice.

#### WALK THE MAKER'S ROADS

When you travel the Highway or the West Road, name your destination. The GM will you how long the trip takes and what happens along the way. When you reach your destination, choose someone to Manage Provisions to see how many rations were consumed.

#### UNDERTAKE A PERILOUS JOURNEY

When you travel through dangerous lands, indicate the course you want to take on the map and ask the GM how far you should be able to get before needing to make camp. If you're exploring with no set destination, indicate which direction you go.

Then, choose one member of the party to Scout Ahead and one to Navigate, resolving those moves in order.

#### SCOUT AHEAD

When you take point and look for anything out of the ordinary, roll +WIS. \*On a 10+, choose 2. \*On a 7-9, choose 1.

- You get the drop on whatever lies ahead.
- You discern a beneficial aspect of the terrain: a shortcut, shelter, or tactical advantage (your choice).
- You make a Discovery; ask the GM what it is.
- You see sign of a nearby Danger; ask the GM what it is and what it signifies.

#### NAVIGATE

When you plot the best route through dangerous or unfamiliar territory, roll +INT. \*On a 10+, you avoid dangers and distractions and make good time, reaching a point of the GM's choosing before you need to Make Camp. \*On a 7-9. the GM chooses 1:

- You happen upon a Discovery missed by the scout.
- The going is slow or you wander off course. The GM says which, and where you end up.
- You encounter a Danger; whether or not you're surprised depends on whether the scout has the drop on it.

#### MAKE CAMP

When you settle in to rest, choose one party member to Manage Provisions.

If you are bedding down in dangerous lands, decide on a watch order. Then, the GM chooses one person on watch during the night to roll +nothing. \*On a 10+, the night passes uneventfully. \*On a 7-9, the GM chooses 1:

- One party member of the GM's choice suffers a restless night.
- One or more of the party's followers cause trouble
- The person on watch notices a nearby Discovery
- A Danger approaches. It's not immediately hostile, but whoever's on watch had better Stay Sharp anyway.

\*On a miss, everyone marks XP and a Danger approaches. Whoever's on watch had better Stay Sharp.

When you wake from at least a few hours of uninterrupted sleep and you ate and drank the night before, heal damage equal to half your maximum HP.

#### MANAGE PROVISIONS

When you prepare and distribute food for the party, roll +WIS. \*On a 7+, the party consumes the expected number of rations (1 per person if Making Camp, 1 per person per day if Walking the Maker's Roads). On a 10+, also pick 1.

- Careful management reduces the amount of rations consumed (ask the GM by how much).
- The food you prepare is excellent. Describe it; whoever licks their lips takes +1 forward.

#### STAY SHARP

When you're on watch and a Danger looms, roll +WIS. \*On a 10+, you notice in time to alert everyone and prepare a response; all party members take +1 forward. \*On a 7-9, you have time to sound the alarm but your companions have little time to prepare. \*On a miss, whatever it is gets the drop on you.
