APL 12
max 1,575 xp; 3,300 gp

Enslaved! You have spent 6 TUs toiling in the service of a duergar cleric of Laduguer.

Subtract this value from your gp value

The diagram illustrates the calculation of the final GP total through a series of steps, each represented by a box with a label below it:

- Starting GP**: A black box with a black border.
- GP Spent**: An orange box with a minus sign (-) on the left and "GP" on the right.
- Subtotal**: A grey box with a black border and "GP" on the right.
- GP Gained**: A red box with a plus sign (+) on the left and "GP" on the right.
- Subtotal**: A grey box with a black border and "GP" on the right.
- GP Gained**: A green box with a plus sign (+) on the left and "GP" on the right.
- Subtotal**: A grey box with a black border and "GP" on the right.
- GP Spent**: A blue box with a minus sign (-) on the left and "GP" on the right.
- FINAL GP TOTAL**: A grey box with a double black border.

Arrows indicate the flow from one step to the next: from Starting GP to GP Spent, from GP Spent to Subtotal, from Subtotal to GP Gained, from GP Gained to Subtotal, from Subtotal to GP Gained, from GP Gained to Subtotal, from Subtotal to GP Spent, and from GP Spent to the final FINAL GP TOTAL box.
