

# ELVEN ENCLAVE OF VERBOBONC CITY

**Background and Goals:** Descended from the those elves that lived in the area that became Verbobonc City, the elves of the Elven Enclave come from all of the racial stock of elves—Grey elves, High elves, Wood elves, and perhaps a few others. A close-knit community, the Elven Enclave seeks to preserve their elven heritage while coexisting peacefully with the human population that is currently in power.

Of late, a rift has grown between those of the Elven Enclave and the Elven Clans of the Gnarley Forest. Those of the Elven Clans view members of the Elven Enclave as traitors to their race for their more pacifistic attitudes toward the Viscount. While members of the Elven Enclave deny these accusations, it has nevertheless created a strain on the elven way of life. Members of the Elven Enclave see it as their duty to work toward a peaceful reconciliation between Verbobonc, the Elven Clans, and the Enclave.
