

#### Superbly Angled Feathered Beret of the Librarian

This wonderfully stylish beret is bright pink and adorned with a glorious black feather. Carefully sewn on the inside is a neatly printed inscription proudly proclaiming it as "Property of the Thentian Library of Arcane History". When worn, the beret functions exactly as a **Helm of Comprehending Languages**, except in the event that the wearer is located in a library and has raised their voice level above a courteous whisper. In this case, the beret ceases to function for 10 minutes. This item can be found in the Dungeon Masters Guide (DMG).
