

The Gods of Téikumel

The religious systems of the Five Empires are based on two ‘alignments’ (*Stability* and *Change*), each represented in the Engsvanyáli pantheon by five major ‘Gods’ (Stability: the *Tlomitlányal*; Change: the *Tlokiriqáluyal*) and five ‘Cohorts’ (the *Hlimékluyal*).

These deities are really vastly powerful interdimensional beings, though ‘gods’ to the limited being that is man. For a discussion of these beings and the *Scrolls of Pavár*, see the [relevant History entry](#). The most comprehensive source of material about Tsolyáni religion and ritual is [Mitlanyál](#).
