## **Qualities:**

My Shadows would Die for me  
 The Hidden Kingdom will be mine  
 I'm not Conceited, I'm convinced.

**Background:** Lashana saw her entrepreneur father slaughtered by African Slavers. While escaping the murderers, she stumbled upon a lost civilization, known only as, The Hidden City. She was taken in and trained to be a

Shadow Protector, an elite guardian for the city. Lashana was eventually banished for breaking “the tradition of silence” and killing a group of slavers. Escaping before she could be stripped of her shadow gear, she made her way to America where she began to amass a small army of fanatical followers. Claiming that she is the heir to the “Shadow,” her followers have been promised paradise on Earth. She will continue to build her wealth and army until she feels she is strong enough to storm the gates of the Hidden City. Once in power, she will spread her shadow influence over the Earth.

**Archetypes Referenced:** Originally envisioned as a Cult Leader, Predator 0 also fits as an Assassin, Conqueror, Crime Boss, Dark Mirror, Evil Twin, or Mastermind.
