

BLUEBALLSTRACKER

Just had sex!
Give yourself
an extra d6
sometime in
the next
standard hour.

You had sex either just
last night or early this
morning. Filthy klorian
levels still relatively low.

It's been at least 3 days.
You're filthy klorians are on
the rise! Every "6" result
must be re-rolled.

It's been at least 5 freakin' days,
man! Along with re-rolling 6's, you
also have disadvantage on every
roll until those pipes are clean.
