Soviet Player: Set up first anywhere on the Board.

British Player: Move first and enter anywhere along the Southern edge of the Board.

Victory Conditions:

The Soviets win if, at the end of the game, they can trace a line of continuous road hexes from the East to the West edges of the Board such that no hex along this line is within 2 hexes of a British non-Bren or halftrack unit. The British win by avoiding the Soviet Victory Conditions.
