To assemble figures:

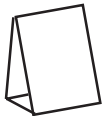

1. Cut along outside edges of figure.

2. Fold along horizontal lines using a strait edge to form the front, back and end flaps.

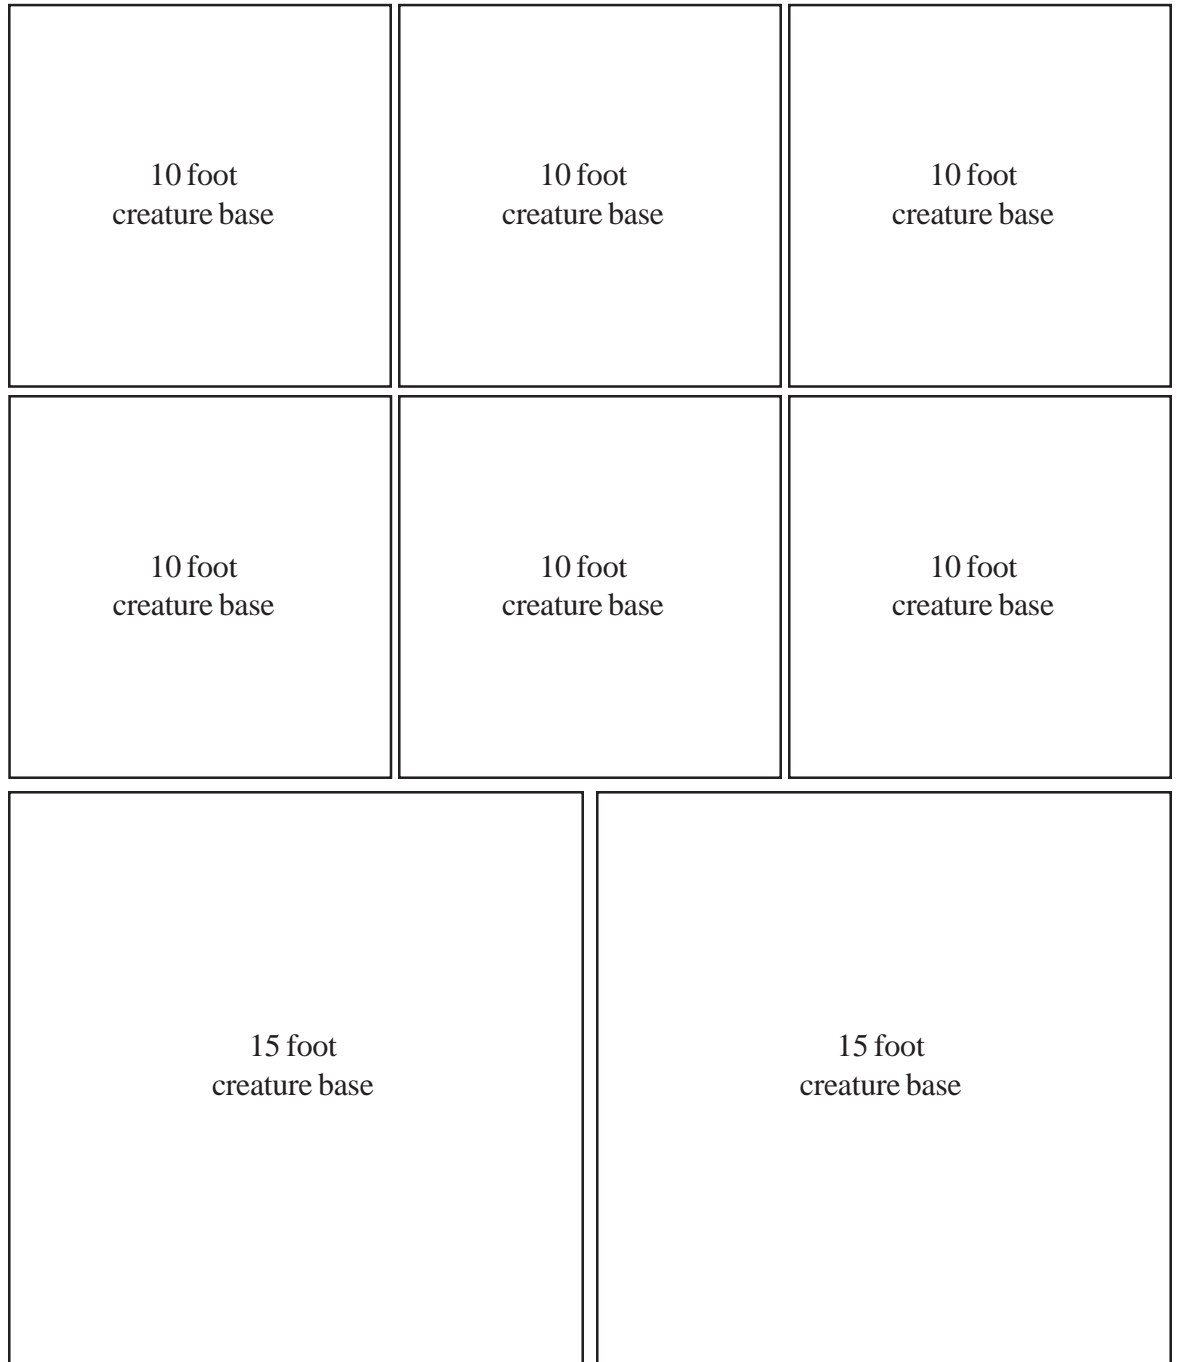

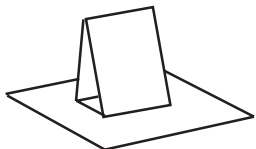

3. Overlap and glue or tape the two end flaps together forming a standing triangle shape.

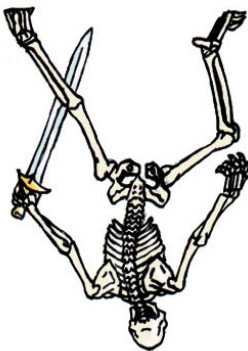

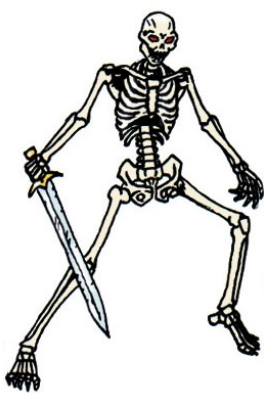

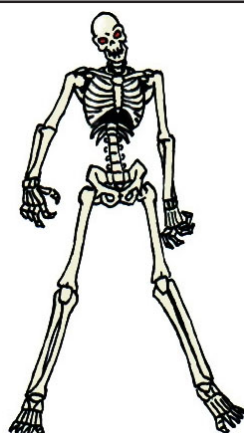

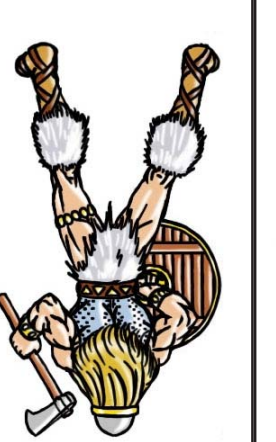

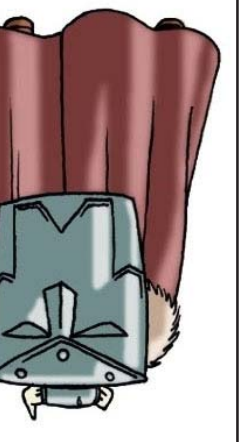

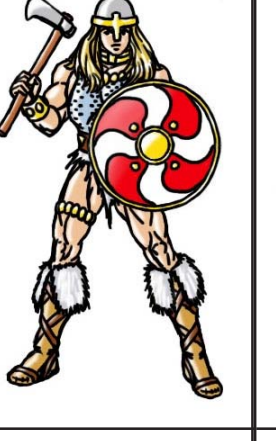

Optional:

4. For bigger figures, follow steps 1 thru 3, then cut out the corresponding base provided here and glue or tape figure to center of square to indicate the space it occupies on a 1" square grid map.
