

Warthog Troll Cycle

Branson Hagerty (Blackjack's Shadowrun Page <http://shadowrun.html.com/users/blackjack/>) Posted November 24, 1997

Finally, a cycle built especially for the big guys (and girls, of course). The Warthog was designed by trolls and built by trolls, thus assuring the buyer that he or she will be receiving a vehicle fine tuned to a troll's tastes. It even comes with a refrigerated compartment for your Stuffers! They thought of everything!

The Warthog is the only motorcycle in existence to receive the Brumby, Troll Philosopher seal of approval.
