

Mobilio Obscure

Branson Hagerty (Blackjack's Shadowrun Page <http://shadowrun.html.com/users/blackjack/>) Posted November 16, 1998
Mobilio Obscure concept © 1998 Robin Campbell

Even though the Mobilio Obscure is exactly the kind of car a runner normally DOESN'T want, it still an excellent choice for those quasillegal connoisseurs who need a vehicle that won't draw any attention. Manufactured entirely in Cuba, the Mobilio Obscure comes with anti-lock brakes, a mono radio, and absolutely nothing else.

Handling: 5/8

Speed: 20/60
