FIGURE FLATS

The following pages contain an assortment of paper miniatures (or “figure flats”) for use with your games of Slipstream, or in other Savage Worlds settings. Just print the pages off on cardstock, cut out each figure, fold, and glue the tabs in place. Just print off more as you need them. In addition to an assortment of PC archetypes, there are models to represent various allies and opponents from Slipstream adventures. (Some of the character models have been given deliberately “generic” names so as to minimize the chances of players getting “spoilers” by seeing what’s in store.)

Be sure to check out the Pinnacle web site at <http://www.peginc.com> for the latest accessories and aids for your games of Slipstream or other Savage Worlds adventures.
