SHIP MARKERS

The following pages contain markers for use with your games of Slipstream, or in other Savage Worlds settings. These markers feature representations of rocketships (as detailed on pp. 33-36 in the Slipstream rulebook), plus a few asteroids and icebergs. The “Sky Fortress” is an attempt to represent the mysterious craft portrayed on p. 53 of the rulebook; it’s up to the GM what, exactly, this craft really is, and how it got into the Slipstream.

Be sure to check out the Pinnacle web site at <http://www.peginc.com> for the latest accessories and aids for your games of Slipstream or other Savage Worlds adventures.
