

BEFORE YOU GO ANY FURTHER, READ THIS PAGE TO HELP YOU GET STARTED WITH THE STARFINDER BEGINNER BOX.

WHAT IS STARFINDER?

Starfinder is a cooperative tabletop storytelling game (also called a roleplaying game or RPG) of science fantasy adventure! The *Starfinder Beginner Box* is your introduction to the Starfinder Roleplaying Game and has everything you and your friends need to play out exciting science fantasy stories.

DO YOU HAVE A GROUP OF PEOPLE READY TO PLAY, OR ARE YOU ON YOUR OWN?

IF YOU HAVE A GROUP

Every group needs a Game Master.

Select one player to be the Game Master. The rest of the players will play futuristic science fantasy heroes.

IF YOU WANT TO BE A HERO AND START PLAYING NOW:

Grab one of the Pregenerated Character Sheets. You can be a charismatic envoy, a tech-savvy mechanic, a wise mystic, a sneaky operative, a mighty soldier, or a clever technomancer! When you've decided on your character, also **take the pawn that matches that character.**

IF YOU WANT TO BE A HERO, BUT YOU WANT TO MAKE YOUR OWN CHARACTER:

Grab the *Heroes' Handbook* and a blank Character Sheet. Turn to **page 13 in the *Heroes' Handbook***, which will guide you in the creation of your own unique hero! When you're done, **choose a pawn** to represent your character.

IF YOU WANT TO BE THE GAME MASTER:

Grab the *Game Master's Guide*. The Game Master (or GM) gets to know all the secrets and plays all the monsters in the game. Turn to **page 2 in the *Game Master's Guide*** to read up on the first adventure that the heroes will face, "Steel Talon's Lair"!

IF YOU ARE ON YOUR OWN

Starfinder is designed for group play, but you can still experience an adventure on your own! **Grab the *Heroes' Handbook* and turn to page 2** to play the solo adventure, "Scoundrels in the Spike," which will teach you the basics of the game.
