PLANETARY DATA SHEET

Including:

- Hexagonal map grid
- Planetary characteristics
- Variable map scale
- Terrain type index

This data sheet features a dodecahedron map grid with hexagonal surface for use in mapping planetary surfaces. It also includes spaces for recording pertinent statistics about the planet. This form is especially useful for mapping, search or exploration scenarios. The Planetary Data Sheet is a valuable tool for any science fiction role-playing game referee—it can be used to expand the scope of any planetary surface encounter.

PLANETARY DATA SHEET

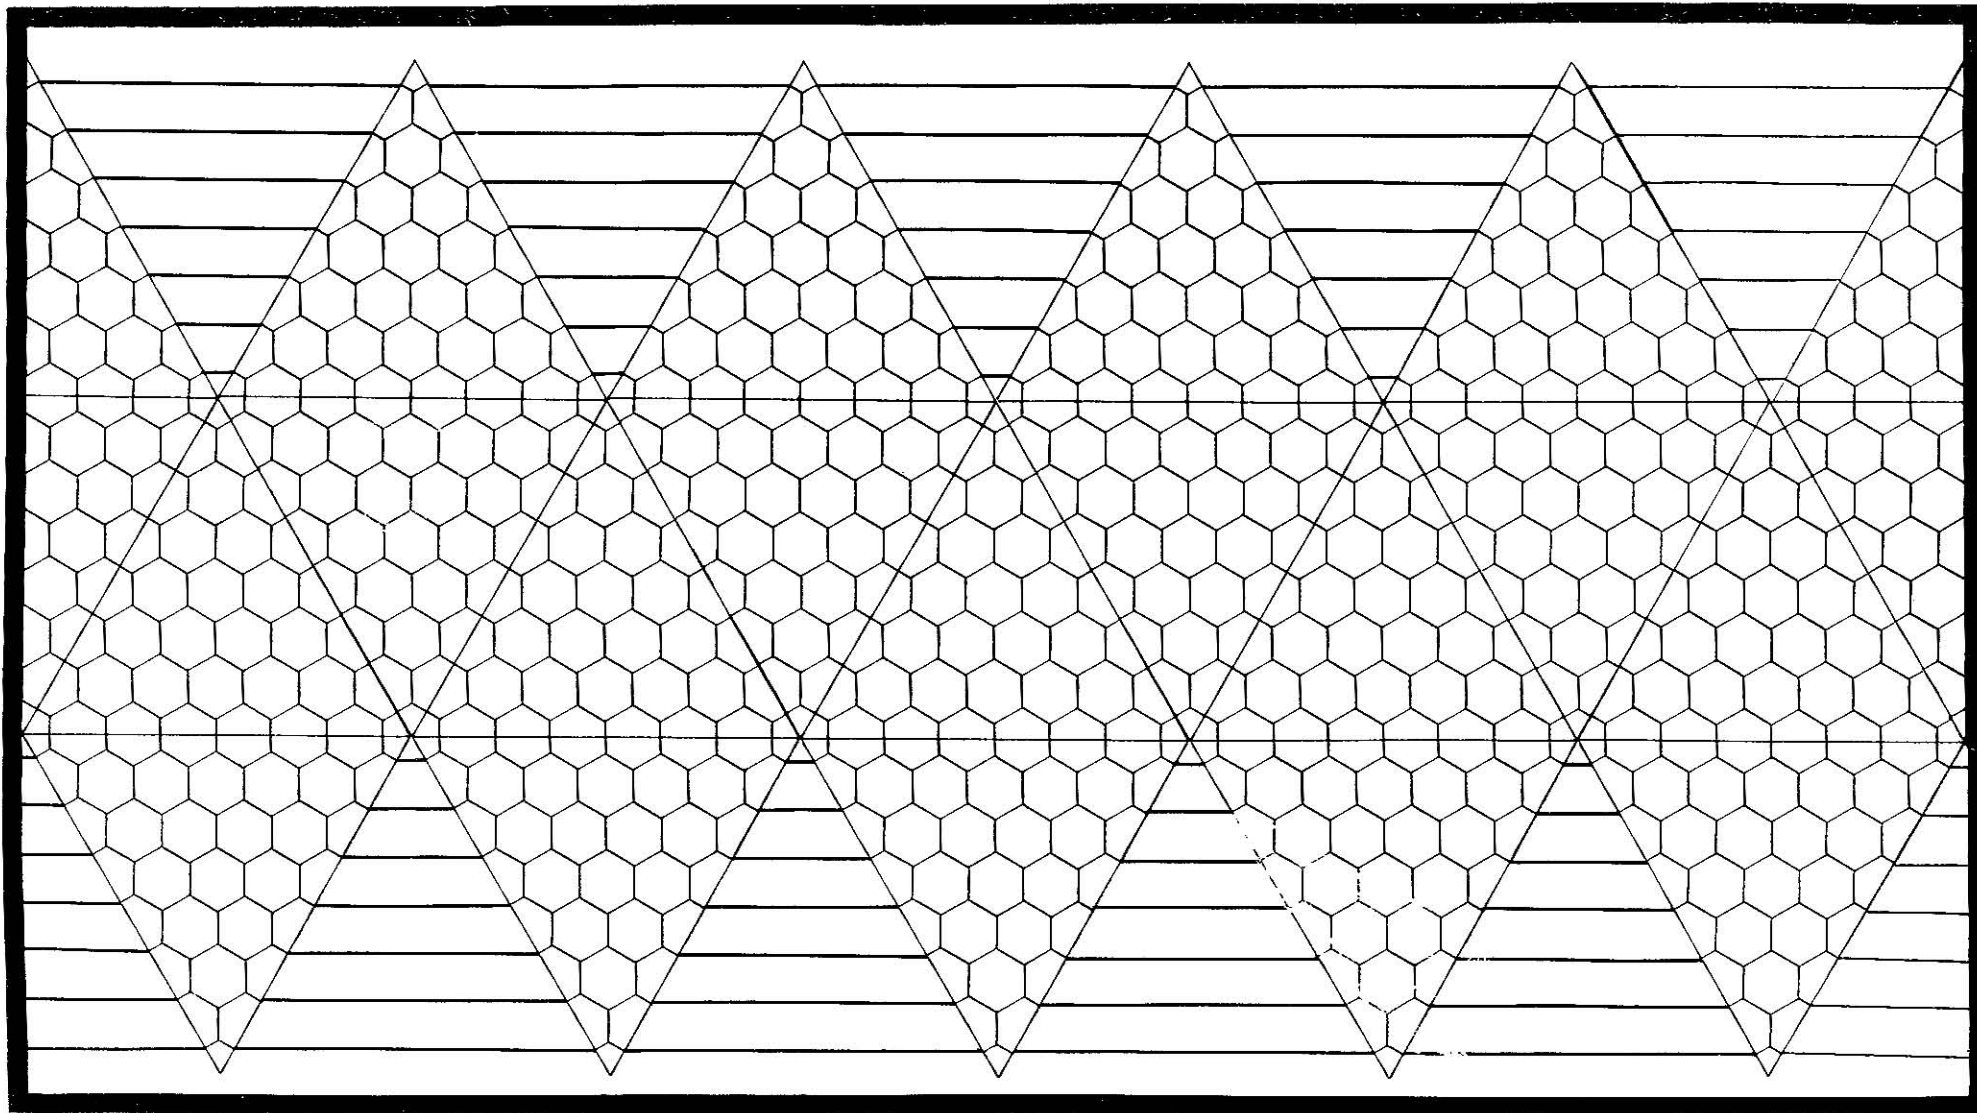

Planet Name _____
Hex _____ Subsector _____ Sector _____
Starport _____ UPP _____
Trade Classifications: ☐ A ☐ NA ☐ I ☐ NI ☐ R ☐ P
Travel Zone: ☐ None ☐ Green ☐ Amber ☐ Red
Membership or Affiliation _____
Special Installations _____

Expanded Planetary Characteristics:

Size _____ miles (_____ km)
Atmosphere Type _____
Hydrographics _____ %
Population _____
Government _____
Law Level _____ Tech Level _____
Gravity _____ Temperature _____ Precipitation _____

Map Scale:

Hex equals _____ miles (_____ km)
Terrain Types: ☐ ☐ ☐ ☐
