Visual Aid 1: Speculative Trade Cards

This play aid is presented as a fun and engaging supplement to the Speculative Trade Goods Table. This 24-page zipped file is presented free to all players of Traveller. It is intended for non-commercial use only.

Some cutting and assembling is required, young children should be supervised when using sharp instruments.

*Presented by
The Sidur Haski Design Consortium*

TRAVELLER®

*Science Fiction Adventure
in the Far Future*

Suggested Rules:

For each merchant encountered, a certain number of cards are drawn, based on Starport Type and Tech Level. The Players can then choose to purchase the lot or not, as they see fit. Trader and Gambling Skill Allows for one extra card to be drawn for consideration, as does the Market Analyst Feat, exclusive to Merchants. Each Card has an image of the Item, the Base Cost of the Item, and the Quantity in tons (unless otherwise noted) determined by random dice rolls, as stated.

Included in the Deck are special circumstance cards, presented simply and in self explanatory fashion. These special cards modify the goods in question, either singly, or as a group as the Referee sees fit. The "Stolen Merchandise" Card means that the Merchant's offerings are ALL stolen.

Starport Type

- A : Five Cards
- B : Four Cards
- C : Three Cards
- D : Two Cards
- E : One Card

Tech Level

- 13 Draw One Extra Card
- 14 Draw Two Extra Cards
- 15 Draw Three Extra Cards

To assemble: After Printing on paper of your choice, cut inside dotted lines, (Box cutter is recommended) **DO NOT CUT CENTER LINE.** Fold the Cards along center line using ruler or straightedge and glue front to back using a gluestick or Paper Cement. Cardstock Paper is recommended, as lighter papers will soak from most glues.
