FIGURE FLATS FREE SET 3

ART BY JORDAN PEACOCK

IN THIS SET:

DRAGON PAPER MODEL

To assemble, print on cardstock and cut out pieces, assembling as indicated in notes on the pages. Facing sides should be glued together with white or craft glue, and pressed smooth together to work out any lumps before drying.

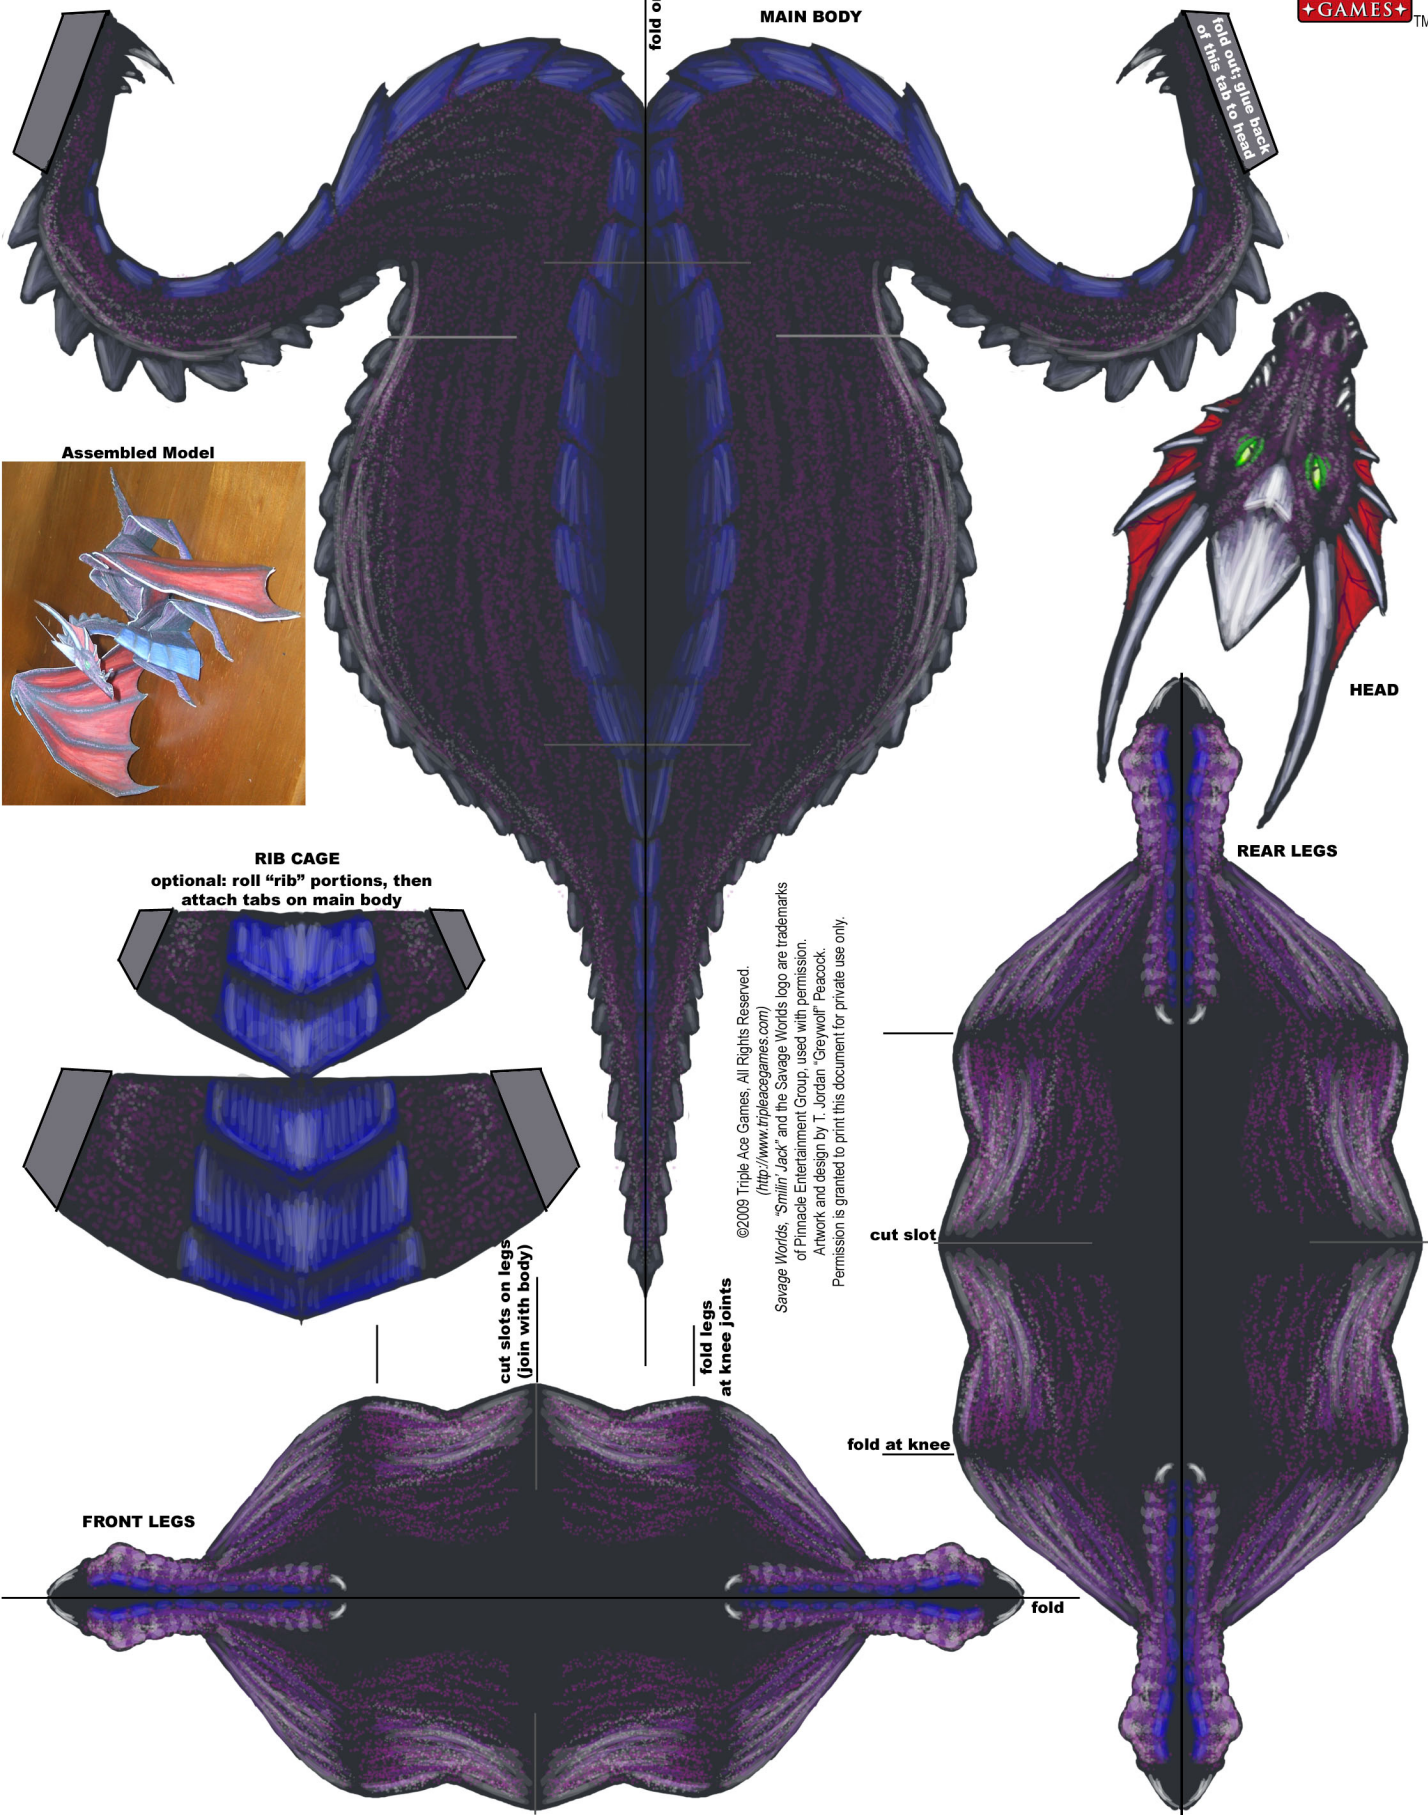

When cutting slots for pieces to fit together, you may need to cut slightly wider openings to account for thickness of the cardstock paper.

It is not necessary to apply glue to pieces that slot together; by leaving the joints un-glued, you can more easily disassemble the model for storage by removing the wings and leg sections.
