HOW THE HERO POINT POOL GROWS

Every time a character earns a Hero Point, the GM should make a little tick next to the character's name in their notes. When a character's number of ticks equals their MAX, MAX grows by one point. For example, say a character with a MAX of 10 has earned 9 Hero Points so far. The next time he gets a Hero Point, his MAX becomes 11.

GMs may inform players of MAX increases immediately or wait until the end of the current Scene or session, as they choose.
