

EMPEROR'S CHILDREN WARBAD

POINTS: 100 + MODELS

The Emperor's Children were once dedicated to perfection in all they did, before they succumbed to the siren call of the Chaos god Slaanesh. Their desire for perfection was perverted to an obsession for ultimate bliss, and now the members of the Legion will stop at nothing to gratify their basest desires.

Chaos Space Marines of the Emperor's Children make war into an art form; a riot of sights, sounds and sensations. Doom sirens wail and implements of torture slash as these followers of Slaanesh are driven to further extremes in order to stimulate their overloaded senses.

"We shall give bloody praise to the Lord of Pleasure and sing his name as we dance across the fallen. Follow me my children, and you shall taste the undreamt joys that lie beyond the bounds of mortal sense."
