

BRYNSHAL FLUME

Documancer

Air Genasi Sorcerer

When other children borrowed her toys, Brynshal kept unnervingly robust records—duration, wear, remittance in case of loss, that kind of thing. In time, this hunger to define and make official the rhythm of daily life found its expression in documancy, a kind of mystic bureaucratic art founded by Omin Dran. Anything you put a signature to has power. And Brynshal wields that power with ease.

The careful order that Brynshal keeps belies the chaos in her mind. Only if all things are in their proper place around her can she then use those things to best effect as she carries out her mad schemes. And “all things” includes her fellow franchisees. “What would happen if our fighter was bound, upside down, and on fire underwater?” is a thought she’s had on more than one occasion.
