

## Selected Excerpts from the 'Sundries' file created by Stephen Colm

12<sup>th</sup> August 1996

*'Was followed again today. I'm sure of it. But what do they intend? Another assault like the last one in an attempt to silence me? To silence all of us? They are pulling all the strings and expect us to dance to their tune. But I will not. I must be doubly careful from now on.'*

15<sup>th</sup> September 1996

*'Am not sure at all about that new woman in the staff canteen. There is a Semetic cast to her features and a cunning intelligence in her eyes that makes me suspicious. They would think nothing of planting someone to monitor what I'm up to. But I'm wise to their game.'*

27<sup>th</sup> November 1996

*'Saw Them parked across the street tonight, watching my building. They are very clever; they rotate the vehicles and their personnel very frequently. But I know what they are up to.'*

2<sup>nd</sup> December 1996

*'Received a letter from the landlord today. Rents going up. They are trying to drive me out. I can well afford the increase, but how long before they push it further? Their influence is pervasive. Must devise a strategy to hit back.'*

8<sup>th</sup> December 1996

*'Exciting news. Received a letter from a fellow free thinker. A German who knows his history – his REAL history - and who is sympathetic to our cause. His words comfort me. He hints that there are more who feel as we do. Will not share this with the others though – he has requested privacy and I must honour his wishes. Hope this is not a ruse by Them. Feel not, but will take precaution of not mentioning Them when I respond. It would be foolish to let it slip that I am onto their game'*

3<sup>rd</sup> March 1997

*'Jostled by a 'jogger' this evening when walking Bernard. Came home immediately. Found nothing on clothing but took the precaution of throwing them out. God – fear I am poisoned! Scrubbed skin thoroughly and could see no marks but they have long been masters in those arts. Will I see the dawn? Must not panic.'*

5<sup>th</sup> June 1997

*'Newspapers depressing. Is it only me that can see how their schemes at work in all of it?'*

8<sup>th</sup> July 1997

*'Another letter from Linz today. He continues to impress me with his knowledge and insight – wish I was stronger on my occult though.. Wish he would write more frequently. Get the impression he is assessing my readiness for something. But what? Continues to drop hints about others who share our views. Perhaps all is not lost? How I long to be able to strike back at Them! Can his friends help? Hope to God that They are not reading this '*

23<sup>rd</sup> August 1997

*'I've been something of a fool – They are not the problem I thought they were! It's been ridiculous of me to think otherwise. There is absolutely nothing for me to worry about. Am sure it will all work itself out!'*

3<sup>rd</sup> September 1997

*'Really enjoyed work today. Autumn leaves very enjoyable to kick through with Bernard in the Park this evening. Feeling good and looking forward to the Conference.'*
